The theme of the EECE Department Day 2012 is "Prosperity & Progress", capitalizing on the previous successes of this event in the past years. The event brings many Alumni of the Department to share their experience in applied research and development, and their vision for the future.

In parallel with the sessions and the job fair, students can have some fun like playing PlayStation, Chess and Football.

Students are also encouraged to discuss with speakers from the industry the prospect for sponsoring graduation projects next year, and for providing summer training opportunities in preparation for pursuing these projects.
